

LORRY ACCESS LADDER

THE COMPREHENSIVE SOLUTION FOR LORRIES

This Lorry access ladder is made to access different logistic and construction truck beds from 1,25 to 1,49 m high. Its 85kg powerfull magnets make the ladder hold firmly to the truck bed and its adjustable hinged feet make it highly adaptable and steady.

- ▶ To access lorry platforms from 1.25 to 1.49 m in height.
- ▶ Easy to set up: lightweight, space-saving ladder.
- ▶ Comfortable, stable and robust solution.
- ▶ 200 mm non-slip steps.
- ▶ A ramp as standard.
- ▶ Designed according to the EN 14122 standard requirements
